A NONPROFIT NONSECTARIAN COMMUNITY HOSPITAL

January 10, 1975

Dear Rotten Person,

This is to inform you that I will be off from work and up in the bay area on February 15, 16, 17, & 18--Saturday, Sunday, Monday, and Tuesday. I would like to stay at your place so you'd better start cleaning it up. I'm no tramp, you know. This will also give you a chance to pack up and move.

It would behoove you to get one or two days off during this period of time and if you play your cards right I might even take you out to dinner. Otherwise, please have the frig well stocked as I plan to go off my diet while there. I also plan to visit the Wilkies, the Wilsons, the Monacos, Michael Miller (in San Francisco) and Dr. Tom Cromwell (in Marin County). Sure hope there'll be some some time left for you and I to make a quick stop at Mc Donald's.

I know it would be too much for you to handle too much good news all at once so I will withhold information concerning the exact time that you should pick me up from the airport until later. Please try to contain yourself as you know how I hate emotional displays in public places.

Remaining lovely,

Jess
